

Year:	1	Unit:	Judaism Why might some people put their trust in God?
What will I learn this year? • Give an example of a key belief (ie. that Jews believe in one God) and/or a religious story (the story of Noah and/or Abraham) • Give an example of a core value or commitment (trusting that God will keep his promise) • Use some religious words and phrases to recognise and name features of religious traditions (eg. Sukkot, festival) • Talk about the way that religious beliefs might influence the way a person behaves (eg. like Noah and Abraham, Jewish people should trust that God keeps his promises) • Notice and show curiosity about people and how they live their lives (finding out about Jewish festivals – thinking about the fact that people celebrate different celebrations in very different ways – eg. Sukkot) • Notice that for many people, trust is an important part of human life • Ask questions (about the importance of trust and who they can trust/rely on in their own lives)
