

Year:		Year 2	Unit:	Changing Me
		What will I learn this year? Know that life cycles exist in nature Know that aging is a natural process including old-age Know that some changes are out of an individual's control Know how their bodies have changed from when they were a baby and that they will continue to change as they age Know the physical differences between male and female bodies Know the correct names for private body parts Know that private body parts are special and that no one has the right to hurt these Know who to ask for help if they are worried or frightened • Know there are different types of touch and that some are acceptable and some are unacceptable		
				
Key Vocabulary		What should I already know?		
Change, Grow, Control, Life cycle, Baby, Adult, Fully grown, Growing up, Old, Young, Change, Respect, Appearance, Physical, Baby, Toddler, Child, Teenager, Independent, Timeline, Freedom, Responsibilities, Male, Female, Vagina, Penis, Testicles, Vulva, Anus, Public, Private, Touch, Texture, Cuddle, Hug, Squeeze, Like, Dislike, Acceptable, Unacceptable, Comfortable, Uncomfortable, Looking forward, Excited, Nervous, Anxious, Happy	In this Puzzle children look at different life cycles in nature including that of humans. They reflect on the changes that occur (not including puberty) between baby, toddler, child, teenager, adult and old -age. Within this, children also discuss how independence, freedoms and responsibility can increase with age. As part of a school's safeguarding duty, pupils are re-taught the correct words for private parts of the body (those kept private by underwear: vagina, anus, penis, testicle, vulva). They are also reminded that nobody has the right to hurt these parts of the body, including a lesson on inappropriate touch and assertiveness. Children practise a range of strategies for managing feelings and emotions. They are also taught where they can get help if worried or frightened. Change is taught as a natural and normal part of growing up and the range of emotions that can occur with change are explored and discussed.	Know that animals including humans have a life cycle Know that changes happen when we grow up Know that people grow up at different rates and that is normal Know the names of male and female private body parts Know that there are correct names for private body parts and nicknames, and when to use them Know which parts of the body are private and that they belong to that person and that nobody has the right to hurt these Know who to ask for help if they are worried or frightened • Know that learning brings about change		
		What will I learn next? Know that in animals and humans lots of changes happen between conception and growing up Know that in nature it is usually the female that carries the baby Know that in humans a mother carries the baby in her uterus (womb) and this is where it develops Know that babies need love and care from their parents/carers Know some of the changes that happen between being a baby and a child Know that the male and female body needs to change at puberty so their bodies can make babies when they are adults Know some of the outside body changes that happen during puberty • Know some of the changes on the inside that happen during puberty
