

Welcome to Our School

Dear Parents/Children,

We have some exciting news that we want to share with you 😊

We hope you will join us in welcoming Paula Mayger to our Ightenhill Team from Monday 8th March for the next 12-months. Paula is a trainee Education Mental Health Practitioner (EMHP) and we have been very lucky to be chosen to be a host school to support her through her training year.

Paula is one of eight EMHPs across Lancashire that have been selected to work in schools to compliment the mental health provision schools already have in place.

They will work alongside the Mental Health Lead in school to provide support to children who may feel anxious, have low mood and are struggling with things that they find challenging and will support school to continue to provide a whole school approach to mental health.

This is an exciting opportunity for Ightenhill and our community and we are really looking forward to supporting Paula over these next 12-months.

Mrs M Lewis
