Grammar

Nouns

In French, nouns are either masculine or feminine.

To say 'the' in French, we use **le** for masculine nouns and **la** for feminine nouns.

Eg. la main = the hand
le nez = the nose

To form plural nouns (more than one), we add an **-s** to the noun and use **les**.

Eg. les oreilles = the ears

Adjectives

In French, an adjective normally comes AFTER the noun.

Eg. le nez vert = the green nose
